

# **CLEAN-UP AND PET GARDEN** **ESTABLISHMENT AT KIRTI** **GARDEN**

September 1, 2019 to October 15, 2019

V@rSITy-care planned a cleanliness drive near 'Pashan hill'. The team was at the Kirti Garden by 8:00 am in the morning. Everyone was provided with gloves and black disposable bags to collect the garbage and we cleaned up a major part of the hill. It took about an hour to clean up the whole area so that we could finally put a set-up for a 'pet garden' there. The team will work in shifts every weekend to completely build that pet garden. Our faculty head, Dr. Neeru Bhagat ma'am and her pet also gave a hand in setting up the place. The team was served good food prepared by ma'am.

This event has been regularly going on every Sunday since 1<sup>st</sup> September till 15<sup>th</sup> October. A group of 6-8 students go to Kirti garden hillside for cleanup drive.
